

Wage tax deduction form

How to use this form

Why this form?

As your employer we have to withhold loonbelasting (wage tax and premium national insurance) from your income. Therefore we need your personal details. By filling out this form, you provide us the data we need. Moreover, you can indicate whether you want us to apply for a deduction on the loonbelasting.

2 Applying the wage tax deduction

The wage tax deduction is a discount on the wage tax/premium national insurance. Your employer automatically applies for the deduction. However, the deduction can only be applied for by one employer at a time (normally this is the employer at which you earn most). Tick "Yes" and fill out the date if you want us to apply the deduction. If your situation changes, you can submit a written request by filling out a new form.
